MEET THE AUTHOR

SAFI CONTRERAS

Welcome to Meet Your Chart study guide with a Soul Center. I am so excited to be with you because all of our Ancestors studied astrology. They were very aware that “as above, so below.” In this Age of Aquarius a lot of us are wanting to know more about our uniqueness and how it plays into the greater good of humanity. We are strong advocates for having a spiritual advisor. However, this is our personal journey and it’s wise to have tools that can assist us in its navigation. We have found astrology to be one of those tools.

If you want to go deeper check out our [ASTRO CERES](#) & [ASTRO AUDIO](#)

“Its gone from folks knowing just their sun sign, to now the “big 3” but what’s up with knowing your whole chart?.”
